March 2024

Dear Manager

I'm writing to apply for the vacancy available.

My name is Sabrina, I'm Argentinian and I'm 34 years old. I studied Gastronomic Technique and Professional Pastry at Gato Dumas School and have a valid work visa.

During the last few years I've worked on my own undertaking project in Argentina of creative pastry and classic pastry for catering, events and private taste for Starbucks.

In 2022 and 2023 I trained in plant based and gluten free pastry achieving satisfying results and excellent feedback from my customers.

I consider myself a person with skills and energy with vocation for the service being responsible, clean, ordered, creative and I enjoy working and continue learning.

I'm currently attending English classes to improve my language skills but I am easy to learn.

I'd like to join your team to apply my knowledge and work as a team in order to help the company in any way.

Yours faithfully,
Sabrina.
